

Microcomm Quality Policy is founded on a commitment by all its employees to provide products and services of the highest standards that satisfy our customers.

Microcomm's Operation Review Team ensures that Microcomm establishes, documents, implements and maintains a scaleable Quality Management System in all departments of its operations.

Microcomm's Quality Policy is

+ Performance Driven :

- **Verify that our products and services meet the published and agreed standards**
- **Monitor, benchmark and continuously improve our business, products & services, organization and employee's performance**

+ Customer Focused :

- **Satisfy our customer's needs and expectations**
- **Make commitments we fully understand and believe we can meet**
- **Meet all commitments to customers on time**

+ Aimed to achieve Microcomm Mission & Goals :

- **To maintain the highest attainable standards in all aspects of our operations to sustain and develop business growth**
